This paper was published online on 12 January 2006 with a version of Ref. [39] that could be construed to contain claims of priority, which conflicts with editorial policy not to print such claims. Therefore, Ref. [39] should read “[39] Recently, experimental evidence of ICC formation was reported in M. E. Leunissen *et al.*, Nature **437**, 235 (2005).”

The reference was corrected on 18 September 2006. The print version is not correct.
