This paper was published online on 27 July 2009 with errors on pages 2–4. On page 2, the vertical bar in the averaging brackets is misrepresented in size in the first term of Eq. (9), i.e., $\langle \cdots | \cdots \rangle$. On page 3, the sign before the second term on the right-hand side of Eq. (15) should be represented as a “–” not “+.” The last sentence of the Fig. 3 caption should be “Volume rendering produced with VAPOR, www.vapor.ucar.edu.” This sentence should be deleted from the caption to Fig. 1. The paper has been corrected as of 30 July 2009. The text is correct in the printed version of the journal.
