This paper was published online on 19 October 2009 with an error in the integrand of Eq. (12). Equation (12) should read as “ $\mathcal{A}(\lambda_a, \lambda_b) \equiv \int_x \int_y \min(p_a(x)p_b(y), p_a(y)p_b(x)) dx dy$.” The equation has been corrected as of 22 October 2009. The equation is correct in the printed version of the journal.
