This paper was published online on 12 March 2010 with an incorrect equation. Equation (14) should read as

$$\beta_{eff}(t) = \frac{\ln W(t, L \rightarrow \infty) - \ln W(t', L \rightarrow \infty)}{\ln(t) - \ln(t')}. \quad (14)$$

The equation has been corrected as of 2 April 2010. The equation is correct in the printed version of the journal.
