

INSTRUCTIONS TO AUTHORS

Authors attention is drawn to the following articles on Biochemical Nomenclature as recommended by the IUPAC-IUB Commission, and which should be followed as far as possible. All articles (except the last two) are published in the *Biochemical Journal*.

Subject	Year	Volume	Pages
Amino acids and peptides	1972	126	773-780
	1972	127	753-756
	1973	135	9
Carbohydrates	1971	125	673-695
Carotenoids	1972	127	741-752
Cyclitols	1969	112	17-28
Iron-sulphur proteins	1973	135	5-7
Lipids	1967	105	897-902
	1970	116	Issue 5
Nucleic acids, etc.	1970	120	449-454
Steroids	1969	113	5-28
	1972	127	613-617
Vitamin B-6, etc.	1974	137	417-421
In addition, there are articles on:			
Tocopherols <i>European J. Biochem.</i>	1974	46	217-219
Amino acids <i>Biochemistry</i>	1975	14	449
