

## **ANNOUNCEMENTS**

### **THIRD CELL WALL MEETING**

The third International Symposium on the plant cell wall will be held in Fribourg, Switzerland on 26–29 March 1984. Topics to be discussed include: polysaccharide biosynthesis; ultrastructural and cytochemical aspects of cell wall formation; suberization, cutinization and lignification of the cell wall; and hormonal influences on cell wall formation. Papers or posters may be submitted. For further details, please contact: Prof. H. Meier, Institute de Biologie Végétale et de Phytochimie, Université, CH 1700 Fribourg, Switzerland.

---

### **7TH INTERNATIONAL SYMPOSIUM ON CAROTENOIDS**

To be held on 27–31 August 1984 at the Botanical Institute of the Universität München. The scientific programme is planned to cover various aspects of the chemistry, biochemistry, applications, medical and biological functions of carotenoids and closely related compounds. For further details, please contact: Prof. Dr. W. Rau, Botanisches Institut der Universität, Menzinger Strasse 67, D 8000 München 19, West Germany.
