

FUTURE MEETING ANNOUNCEMENTS

PLANT FLAVONOIDS IN BIOLOGY AND MEDICINE

This symposium, jointly organized by J. B. Harborne, E. Middleton, Jr. and V. Cody, will review the role of flavonoids in plants and animals and their effects in numerous mammalian systems. It will take place in Buffalo, New York from 22 to 26 July, 1985. Full programme and registration details from: Dr. Vivian Cody, Medical Foundation of Buffalo, Inc., 73 High Street, Buffalo, NY 14203, U.S.A.

12TH INTERNATIONAL SYMPOSIUM OF NATURAL PRODUCTS CHEMISTRY

This symposium, organized under the auspices of the Phytochemical Society of Mexico, will take place in Monterrey, Mexico from 25 to 27 April, 1985. Symposium Speakers include: N. H. Fischer, E. Leete, T. J. Mabry, M. Nicoletti, H. Schildknecht, P. W. Thies and D. F. Wiemer. Further information from Professor Dr. X. A. Dominguez, Departamento de Quimica, I.T.E.S.M., Sucursal de Correos "J", Monterrey, NL 64849, Mexico.

BIOCHEMICAL APPROACHES TO IDENTIFICATION OF CULTIVARS AND THEIR PROPERTIES

The second international symposium on the above theme will be held in Braunschweig, West Germany from 5 to 9 May, 1985. Further information and registration forms from Professor Dr. H. Stegemann, Institut für Biochemie, Biologische Bundesanstalt, Messeweg 11, D-3300, Braunschweig, West Germany.

FOURTH LATIN AMERICAN CONGRESS OF BOTANY

This congress will be held in Medellin, Colombia on 29 June to 5 July, 1986. One of the twelve sessions will be devoted to chemotaxonomy and phytochemistry. Further details available from the executive secretary, Enrique Renteria A, Apartado Aereo 51407, Medellin, Colombia, South America.
