

ANNOUNCEMENT

TWENTY-FOURTH SYMPOSIUM OF THE PHYTOCHEMICAL SOCIETY OF JAPAN

The twenty-fourth Symposium of the Phytochemical Society of Japan will be held in Gonryo Kaikan in Sendai on 29 and 30 January 1988. The program will include the following papers:

29 January:

Bioactive substances concerning rhythmic leaf movements in nyctinastic plants

Yamamura, S. (Keio University)

Study on the defence mechanism of rice plant against rice blast disease

Kato, T. (Science University of Tokyo)

Mechanism of regulation of secondary metabolism in plant cell cultures

Ozeki, Y. (University of Tokyo)

Some biological characters of phytoflagellates and the outbreak of 'red tide'

Okaichi, T. (Kagawa University)

Fruits and birds

Kato, M. (Director of Miyagi Prefecture Museum of Art)

30 January:

Formation of indole-alkaloids in tissue culture of *Catharanthus roseus*

Miura, Y. (Osaka University)

Physico-genetical study on self-incompatibility in Brassicaceae

Hinata, K. (Tohoku University)

Structure of S-glycoproteins associated with self-incompatibility in *Brassica*

Isogai, A. and Suzuki, A. (University of Tokyo)

A profile of phytochemistry

Ito, S. (Tohoku University).
