

ERRATA

A. I. VIRTANEN: A review: studies on organic sulphur compounds and other labile substances in plants. *Phytochem.* 4, 207 (1965).

The author regrets that the following mistakes occurred in the formulae:

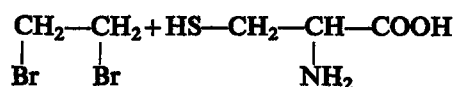

In Fig. 2 $^*\text{H}_2\text{C}$ and $^*\text{Br}_2\text{C}$ should read H_2C^* and Br_2C^* respectively.

In FIG. 3 there should be a double bond linking the two CH— groups in the propenyl sulphenic acid (XI).

In FIG. 5 the NH_2 — group of the top formula has been placed on the carboxyl carbon, it should be on the α -carbon.

In compound XVI there should only be one hydrogen on the nitrogen atom.

In the last equation $\text{CH}_2\text{—CH}_2 + \text{HS—CH}_2\text{—CH—COOH}$ should read

In FIG. 18 the radical, R^1 , should be R' and in the third formula the lower R should be R' .

In compound XXXVIII the OH— group, which is linked with carbon atom 2, has been omitted.

In compound XXXIX the bond between the carbon and nitrogen atoms of the ring has been omitted.
