

Announcement

Phytochemical Society of North America

www.psna-online.org

The Phytochemical Society of North America (PSNA) is a nonprofit scientific organization with membership open to those interested in plant biochemistry, phytochemistry, and the role of plant substances in related disciplines. Annual meetings featuring symposium topics of current general interest and contributed papers by conference participants are held throughout Canada, the United States, and Mexico. PSNA meetings provide participants with exposure to cutting-edge research presented by prominent international scientists, but remain intimate enough to allow interaction and collegiality. The 2005 annual meeting was held in La Jolla, CA, at the Salk Institute, and the 2006 meeting will be held on the campus of the University of Mississippi in Oxford, MS, July 8–12. A biannual Society newsletter keeps members informed of new developments, and provides a forum for the exchange of information and ideas. *Phytochemistry* publishes many of the membership's papers and members are eligible for a discounted subscription to the journal. If you would like more information about the PSNA please visit our website, or contact a member of the PSNA Executive Committee. If

you have material that you would like included in the newsletter please contact the PSNA Secretary.

2005–2006 PSNA Executive Committee

President—Clint Chapple, Purdue University (chapple@purdue.edu)

Past-President—Daneel Ferreira, University of Mississippi (dferreir@olemiss.edu)

Secretary—Mark Berhow USDA-ARS, Peoria, IL (berhowma@ncaur.usda.gov)

Treasurer—Charles L. Cantrell, USDA-ARS, University, MS (clcantrel@olemiss.edu)

Editor-in-Chief (*Recent Advances in Phytochemistry*), John T. Romeo, University of South Florida (romeo@chuma.cas.usf.edu)

Membership: Annual membership dues are US\$40 for regular members and US\$20 for student members, payable to the PSNA through the Treasurer. Please visit the PSNA web site for membership forms or contact the Treasurer.
