

CORRIGENDUM

Further studies of the reactions involving ethyne and $M_2(OBu)_6$, where $M = Mo$ and W . Polyacetylene formation versus formation of ethyne adducts and C—C coupled products. M. H. Chisholm, D. M. Hoffman, J. McCandless Northius and J. C. Huffman (*Polyhedron*, Vol. 16, No. 5, pp. 839–847 (1997)).

In Table 1 the cell parameter for compound **III** should read $b = 15.825(7)$ Å and not $10.395(4)$ Å as listed.
