

## INTERNATIONAL SYMPOSIUM ON POLYMER MATERIALS

AUGUST 31 (MON.)-SEPTEMBER 4 (FRI.), 1987  
SAN SEBASTIAN, THE BASQUE COUNTRY, SPAIN.

ORGANIZED BY THE FACULTY OF CHEMISTRY OF  
SAN SEBASTIAN (THE UNIVERSITY OF THE BASQUE  
COUNTRY) ON BEHALF OF WORLD BASQUE CONFERENCE.

In the coming year 1987 the Basque Country will celebrate the 2nd World Basque Conference encompassing a wide range of activities covering many aspects from both the artistic and scientific viewpoints. Within this framework the Faculty of Chemistry of San Sebastian (The University of the Basque Country) a new center dedicated mainly to the field of Macromolecules - organizes an "International Symposium on Polymer Materials" as a contribution to the general Congress.

### PROGRAM

1. "Polymer Liquid Crystals"
2. "Mechanism of Polymerization Reactions"
3. "Polymer Microstructure"
4. "Mechanical Properties of Polymers"
5. "Polymerization Reactor Engineering"
6. "Thermodynamics of Solutions and Blends"
7. "Relaxations in Amorphous Polymers"
8. "Synthesis and Reactions on Polymers"
9. "Crystallization Phenomena"
10. "Electrical Conductivity in Polymers".

### PRINCIPAL SPEAKERS

D.G. Baird (Virginia Polytechnic Institute), J.C. Bevington (University of Lancaster), F.A. Bovey (AT&T Bell Laboratories), C.B. Bucknall (Cranfield Institute of Technology), A.E. Hamielec (McMaster University), A.L. Kleintjens (DSM), C. Lacabanne (Université Paul Sabatier), O.Vogl (Polytechnic Institute of New York), C.Wegner (Universität Mainz), M.Zielinski (New York University, Graduate School of Arts and Science).

### SCIENTIFIC COMMITTEE

F.J. Baltá-Calleja ( Instituto de Estructura de la Materia), J.C. Bevington (Department of Chemistry, University of Lancaster), J.M. Gómez Fatou (Instituto de Plásticos y Caucho), A. Horta (UNED), C. Lacabanne (Université Paul Sabatier), G.M. Guzmán (Facultad de Ciencias Químicas, Universidad del País Vasco), A.Roig (Ministerio de Educación y Ciencia), J.A. Subirana (Escuela Técnica Superior de Ingenieros Industriales), O.Vogl (Polytechnic Institute of New York).

### CORRESPONDENCE

All correspondence or further inquiries should be directed to:

INTERNATIONAL SYMPOSIUM ON POLYMER MATERIALS
