The Publisher apologises that Fig. 2 of the above article was misprinted. The correct version is presented below.

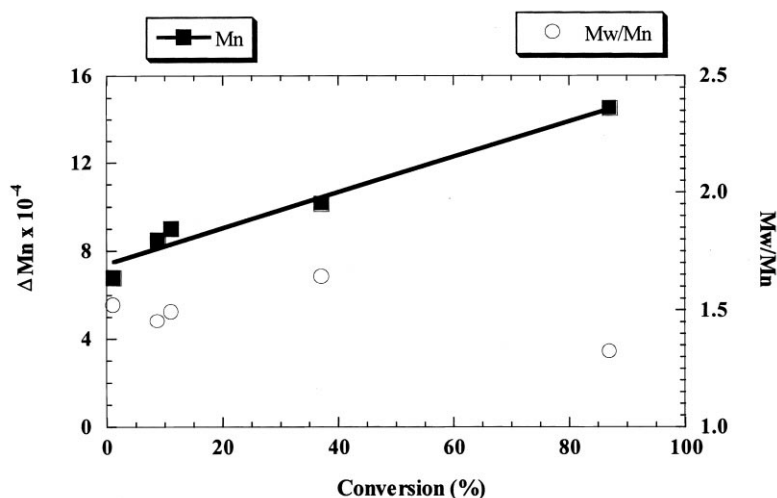

Fig. 2. Conversion versus molecular weight for MMA photopolymerization (room temperature fractions) by C-PTHF at  $\lambda = \sim 300$  nm,  $\Delta M_n = M_{n_i} - M_{n_0}$ , C-PTHF = 0.2 g, MMA = 2 ml,  $\text{CH}_2\text{Cl}_2 = 2$  ml, 25°C.
