

**Correction**

**M. Takahashi, T. Satoh and T. Toya: Oligoethylenes in High Pressure Polyethylenes. II. Production Mechanism**

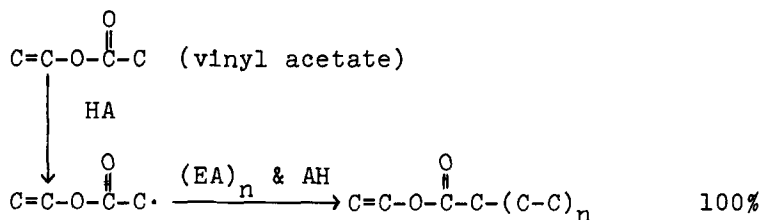

**Polymer Bulletin 2, 643-650 (1980)**

On page 648 the phrase beginning in the third line from the top should be replaced with the following.

"..... and expectedly vinyl esters of n-alkanoic acids were found in this type of copolymer."

On the same page the sentence beginning in the sixth line from the top should be withdrawn.

As a consequence Scheme 2 on the same page should be rewritten as follows.

*Received March 10, 1981*
