

A Publisher's Note to the Subscribers and Authors

In the face of the tremendous increase in postal charges over the last few years, we have been considering ways of cutting these costs for our subscribers. In the past we have published 2 volumes with 12 issues each per year.

As of 1984, we will publish 2 volumes with 6 issues, each containing 96 pages. Thus, the same amount of information will be included per year. New technical developments should help us to maintain our short publication times. We are convinced that our readers will welcome this step.
