EUROPEAN SYMPOSIUM ON POLYMER BLENDS

Strasbourg, FRANCE

May 25-27, 1987

Organized by:

Institut Charles Sadron (CRM-EAHP)

Strasbourg, FRANCE

Under the auspices of:

Commission of the European Communities

Groupe Français d'Etudes et d'Applications des Polymères

European Physical Society

SCIENTIFIC PROGRAMME

The Symposium will deal with recent developments and future trends in the field of polymer blends. Attention is to be focused on the structure and properties of blends, but it is the wish of the organizers that each session also includes chemical aspects of the blends.

The following topics have been selected:

1. Thermodynamics of polymer blends
2. Processing of polymer blends
3. Morphology of polymer blends
4. Mechanical, optical and electrical properties of polymer blends

The number of participants are limited to about 200; registrations will be accepted in order of receipt.

Further information can be obtained from Dr. Y. Gallot, Institut Charles Sadron, 6, rue Boussingault, 67083 Strasbourg Cedex, France.
