

31<sup>st</sup> IUPAC MACROMOLECULAR SYMPOSIUM

June 30th - July 4th, 1987, Merseburg, GDR

The 31<sup>st</sup> IUPAC Macromolecular Symposium will be held at the "Carl Schorlemmer" Technical University in Merseburg, German Democratic Republic. The scientific programme of this symposium includes an opening ceremony and 8 microsymbosia. Subsequently a survey of plenary and invited lecturers will be given together with the topics of the microsymbosia.

Opening Session

W. Scheler - President of the Academy of Sciences of the GDR

1. Synthesis of Polymers

H. Höcker (Bayreuth), Z. Jedlinski (Zabrze), T. Otsu (Osaka), T. Saegusa (Kyoto), P. Sigwalt (Paris), J. Ulbricht (Merseburg)

2. Modification of Polymers

E.T. Denisov (Moscow), M. Fedtke (Merseburg), M. Kryszewski (Lodz), J. Lemaire (Aubière), K. Takemoto (Osaka), F. Tüdös (Budapest), O. Vogl (New York)

3. Natural Polymers

H. Chanzy (Saint Martin d'Heres), K. Fischer (Tharandt), V.S. Gromov (Riga), J. Lindberg (Helsinki), W. Surewicz (Lodz), T. Tsuruta (Tokyo)

4. Structure and Properties of Polymers

W. Berger (Dresden), K. Dusek (Prague), E.W. Fischer (Mainz), H.H. Kausch (Lausanne), R.F.T. Stepto (Manchester)

5. Phase Equilibria

H. Fujita (Toyonaka), M. Gordon (Cambridge), R. Koningsveld (Geleen), P. Kratochvil (Prague), M.T. Rätzsch (Merseburg)

6. Materials and Technology

P. Galli (Ferrara), Gy. Hardy (Budapest), D. Heikens (Eindhoven), T. Inoue (Tokyo), Y.S. Lipatov (Kiev), M. Rätzsch (Dresden)

7. Special Use of Polymers

J.M.J. Frechet (Ottawa), H.H. Hörhold (Jena), N.A. Platé (Moscow), I. Schopov (Sofia), G. Wegner (Mainz)

8. Biomedical Application of Polymers

H. Frommelt (Berlin), V. Kabanov (Moscow), J. Kalal (Prague), M. Jozefowicz (Villetaneuse)

Furthermore in each of the above microsymbosia short lectures and posters will be presented. Further information can be obtained from:
