

Announcement

INTERNATIONAL SYMPOSIUM ON POLYMER ANALYSIS AND CHARACTERIZATION

July 23 - 25, 1990, Brno, Czechoslovakia

THEME: Recent Advances in Polymer Analysis
and Characterization

The third International Symposium on Polymer Analysis and Characterization will be held under the sponsorship of IUPAC on July 23 - 25, 1990 in Brno, Czechoslovakia. This three day symposium will consist of poster sessions, invited lectures, and round-table discussions on recent advances in polymer characterization techniques and selected applications. Topics will include chromatography, spectroscopy, light scattering, rheology, thermal analysis, and solution properties of polymers. On this occasion a short course on gel permeation chromatography is intended to be adjoined. The deadline for submission of preliminary applications and titles of intended posters is August 31, 1989. The 2nd circulars will be sent only to those who return preregistration forms. The number of participants is limited. The applications will be registered in the sequence of their acceptance. The applicants are therefore asked to kindly follow the instructions of the organizing committee concerning the deadline.
