CEO, REED BUSINESS INFORMATION

Tad Smith

PRESIDENT, CHICAGO DIVISION

Jeff Greisch

KNOWLEDGE IS POWER

Product knowledge is more important for your business today than ever before, and our annual Buyers' Guide is a great place to start.

Your potential clients are more informed than ever before when they contact you to plan a remodeling project, thanks to the enormous amount of product information at their disposal on the Internet.

This can put you at a distinct disadvantage — not to mention make you look as if you're not qualified to handle their project — if you're not informed about all the new and exciting introductions building product manufacturers are offering.

Manufacturers of everything from windows and doors to appliances and cabinets are making amazing advances in their products at a more rapid pace than ever. The future of your business depends upon your keeping up with them.

My advice is to create a strategy around product knowledge much like you would for your long-term sales outlook. That strategy would look something like this simple three-step plan:

1. Attend at least one industry trade show every year, whether that be the International Builders' Show, the Remodeling Show (October 10-12 in Las Vegas), or one of the regional shows held in every part of the country.

2. Subscribe to a product e-newsletter. At *ProRemodeler.com*, we offer many, including the Windows and Doors newsletter, the Exterior Products newsletter, the Outdoor Living newsletter and Product Showcase. Each of these includes the latest information about new products in these categories, plus articles about how to make these products work for your business.

3. Use this Buyer's Guide to keep on top of both the tried-and-true

Michael R. Morris

Editor in Chief

630/288-8057

michael.morris@reedbusiness.com

companies manufacturing building products and the new players who are popping up like weeds on the landscape. Each listing includes the company's Web address, where you can seek out product specs, pricing and availability for all the projects in your portfolio.

With a strategy like this in place, you'll never find yourself in a situation where your client knows more about a given product than you do.

And that's a very good place to be.

SNEAK PEAK

Don't miss the April edition of *Professional Remodeler*, our annual Kitchen and Bath issue, which is loaded with the latest design trends in kitchens and baths plus articles on avoiding bad hires and building a universal design market.

We've also got extensive product coverage of windows, skylights, kitchen fixtures and appliances, and a selection of new products introduced at February's International Builders' Show, in case you weren't able to make the trip to Orlando. **PR**

HANG. TAPE. FINISH.

(SEE HOW EASY IT IS TO FIGHT MOLD?)

At USG, we've combined "mold and moisture resistance" and "ease of installation and finish" in a single product. New and improved Sheetrock® Mold Tough™ Gypsum Panels are the only patented panels to feature active mold inhibitors both on the paper and in the core. And these panels install and finish as easily as drywall because they *are* drywall. Your customers get the mold-fighting panel they demand. You get a product that goes up fast. And mold gets hung out to dry.

WHEN IT COMES TO *consistency* AND ON-TIME *delivery*,
THERE IS ONLY *one choice*. REICO.

Bob Fitton II, president of Equity Homes, builds dream homes, and his clients have pretty big dreams. His clients demand the very best in workmanship, quality and service. So when it came to choosing a partner to design and build gourmet kitchens, Bob chose Reico. In his words, "They effortlessly handle the biggest projects I have, but most importantly, stand behind their product and their service like none other." Maybe that's why more professional contractors and builders choose to partner with Reico.

The Beauty Outside.

The Science Inside.

Composite materials take beauty outside – combining innovations in building science with today's top design styles. SYMMATRIX™ Scenic Series Decking and new SYMMATRIX™ Classic Elegance Series Railing from Dow allow the homeowner to extend the beauty of their home into the yard – without the maintenance associated with traditional decks.

SYMMATRIX Scenic Series Decking is a blend of wood and polymer that needs no special preservatives or treatment, resists cracking, splitting and warping, and much more. Each board is reversible, with a wood grain texture

on one side and a brushed finish on the other. To complement the decking, Dow offers SYMMATRIX Classic Elegance Series Railing in four complementary colors and pearlescent white to enhance any decorating scheme.

SYMMATRIX products are designed for durability, easy installation, low maintenance and moisture resistance – for a dream-come-true combination that is as beautiful in form as it is in function.

SYMMATRIX™ Scenic Series Decking and SYMMATRIX™ Classic Elegance Series Railing are available through select dealers.

**On-Time Delivery
Isn't Everything
...It's The Only Thing.**

On-time delivery doesn't start with delivery. It starts by making your windows right the first time. And when you have jobs lined up one right after the other, on-time delivery **IS** the only thing. You can't afford crews waiting for windows, and you don't want homeowners waiting on you. So don't take a chance, team up with the national manufacturer that delivers on delivery everyday, all across America. Team up with Atrium.

BARB LANDERS' CODE OF COMPLIANCE

Article I. Inspection Criteria

Prior to installation, all windows shall pass inspection by Mrs. Landers, Mrs. Landers' mother, Mrs. Landers' sister, Mrs. Landers' other sister, and Mrs. Landers' best friend.

Article II. Impact

All windows shall comply to make our neighbors (especially the Davidsons):

- a) inspired
- b) complimentary
- c) green with envy

Article III. Minimum Rating

All windows and window structures shall have an "Oooh" rating of no less than 9.7.

StormBreaker Plus windows and doors exceed the toughest codes on the coast.

As a remodeler, it's not enough to simply meet the government's building requirements. You want to meet your homeowner's as well. That's why you should install Simonton StormBreaker Plus®. You see, unlike other impact-resistant windows which tend to be boxy and bulky, StormBreaker Plus® windows are designed with the clean lines and contemporary looks your homeowners want. And StormBreaker Plus® windows also pass the toughest building codes, including Miami-Dade standards for impact performance. Perhaps that's why in the 2006 J.D. Power and Associates study professionals, like you, ranked Simonton Windows as the "Highest in Builder and Remodeler Satisfaction among Residential Window and Patio Door Manufacturers." So on your next job, choose StormBreaker Plus®—the window that not only protects your work, but your relationship with your homeowner, as well.

Card acceptance ☐

wouldn't you rather be
with your customers
than managing paperwork?

Welcoming American Express® Cards can help you operate more efficiently, leaving you more time to focus on customers. Because when customers use American Express Cards, you can:

- **Reduce paperwork.**

Spend less time preparing invoices, sending late notices, and tracking down unpaid bills.

- **Receive faster payment.**

There's no waiting for checks to arrive in the mail or clear your account. American Express deposits payment into your account in as few as three business days, reducing the number of days sales outstanding.

- **Save time and money.**

Since American Express has already reviewed your customers' creditworthiness, you don't have to spend time on credit checks.

When you accept American Express Cards, your company is automatically listed—at no additional cost—in our online B2B Directory of merchants. Cardmembers use the B2B Directory to locate merchants who offer the products or services they need. Visit americanexpress.com/b2bdirectory to learn more.

In addition, we offer marketing programs to build customer loyalty and exclusive savings on everyday expenses.

To find out how we can help you grow your business, just
call 1-800-332-6186 or go to americanexpress.com/acceptamex7

Nobody dreams of having multiple sclerosis.

Some dreams are universal: scoring a perfect 10 on your last attempt to win the Gold medal; standing on the podium as the national anthem fills the arena. Finding out that you have MS is not one of them.

Multiple sclerosis is a devastating disease of the central nervous system where the body's immune system attacks the insulation surrounding the nerves. It strikes in the prime of life and changes lives forever.

This is why the National MS Society funds more research, provides more services for people with MS, and offers more professional programs than any other MS organization in the world. But we can't do it alone.

To help make the dream of ending MS come true, visit us online at nationalmssociety.org, or call **1-800-FIGHT MS**.
