TIME IS OF THE ESSENCE!

AND that is particularly true of radio.

To you production men whose mad race against the clock is never-ending, Ray-Tele brings a new and worthwhile time-saver—the Voice Library.

The Voice Library is an integral part of our all-inclusive talent service. On Master Discs we have a permanent file of hundreds of voices, broken down into 117 different classifications according to dialects, types and so on.

Many of these recordings have been made by old friends of yours—many were made by promising newcomers who up to now have not been able to get to you. Now, for the first time, you can hear and judge them—at your leisure in comfortable surroundings.

Audition as many people as you want on these recordings, make your selection for the part or narrow your search to the two or three who seem best suited to the role you are casting. This will simplify your job and do away with the hours formerly consumed by a deluge of applicants for every part.

We heartily invite you to drop in on Ray-Tele at 604 Fifth Avenue. Look over our facilities. Above all make use of them as time saving, patience saving innovations devoted to your service.

NBC Thesaurus

FOR 10 YEARS

"The Treasure House of Recorded Programs"

NBC Thesaurus after ten years *still* is . . . and will *continue* to be . . . "The Treasure House of Recorded Programs." Small wonder when you consider NBC's pride in perfection . . . its vast modern technical facilities . . . its skilled directors. For further evidence take a look at the outstanding artists listed here. And there are many, many more!

NBC Thesaurus offers . . . in addition to radio's best and largest selection of great recorded musical shows . . . unequalled service to station program directors and sales managers. For example:

Basic Library—of more than 4000 selections . . . every type of music for effective programming . . . recorded NBC Orthacoustic.

Variety of Artists and Music in the 52 or more individual selections supplied each month . . . continuous flow of new and interesting music.

Long-term programming with THE SAURUS is easy because there are *enough* selections by *every* performer to run a continuous schedule of each featured artist.

Sound effects and production aids for locally produced shows—more than 370 individual cuts.

Publicity material furnished to each subscriber . . . program portfolios, sales manual, publicity releases, photos of artists and other selling ammunition.

Most complete indexing system . . . comprehensive cross-index to make fullest use of the library . . . complete record and index cabinets supplied.

Throughout 1945, NBC Thesaurus will be adding new artists, new music, new types of programs—all designed to give THESAURUS subscribers a program service that is *exclusively* theirs—with advantages and features not obtainable from any other source. If you are considering a new library of transcribed music, be sure you have all the facts about America's No. 1 Musical Program Service—NBC THESAURUS.

President, American Society of Composers, Authors and Publishers

THE American Society of Composers, Authors and Publishers, the leading performing right society in the United States, is an unincorporated, non-profit, voluntary association. The Society, which is the oldest American performing right society, has a total membership of 1,629 writers and 218 publishers; during the past year more than 39 writers and 15 publishers have become active members.

ASCAP has continued to cooperate with the war effort to the fullest extent of its ability. The ASCAP scripts, which have been so successfully used by more than 600 of the 929 licensed radio stations, have been definitely slanted to emphasize civilian participation in war activities.

Our script department was utilized during the United States Treasury Department's Sixth War Bond drive, when we prepared eight 15-minute broadcasts. These programs were transcribed, and featured not only some of the music from the Society's tremendous repertoire, but also some at-the-front interviews with our service men on Guam, Saipan, and many other theatres of operation. The transcriptions were used by radio stations throughout the entire country.

With the launching of the Liberty Ship Ethelbert Nevin, sponsored by Local 802 of the American Federation of Musicians, the ASCAP board of directors voted to purchase a complete library for the use of the ship's crew.

It is significant that the majority of leading ASCAP songwriters have been tremendously active not only within the organization, but on their own in bringing entertainment to wounded service men in various military hospitals. Through the cooperation of its membership, the Society has furnished entire units for service men's shows at the National Press Club at Washington, D. C.

Last March, ASCAP, in collaboration with the American Theatre Wing Music War Committee, sponsored a concert in tribute to its member, the late Larry Hart. The proceeds from this concert, as well as the proceeds from the concert given last January in conjunction with the Los Angeles Times, were donated to the Armed Forces Master Records, Inc. Some of the money from the Larry Hart concert has been used to establish a "contemporary music" room in the New York Public Library System.

In the field of industrial music ASCAP, in close cooperation with production officials of the war effort, has issued licenses for its entire repertoire in industrial plants for the nominal fee of \$1 per year for the duration.

ASSOCIATED MUSIC PUBLISHERS, INC. (AMP)

By **CLINTON M. FINNEY**

President

FOUNDING OF AMP: Associated Music Publishers, Inc., was founded as a private corporation in the State of New York on December 22, 1926. Radio licenses have been issued since August, 1928. The corporation conducts a music publishing business and is exclusive agent for numerous foreign music publishers.

Scope: The AMP repertoire, representing 45 U. S. and European catalogs, has now been increased to include 500,500 titles, of which approximately 18,500 are copyrights. Copyright registration in Washington is in the name of AMP as owner. Ranging from symphonic works to dance music, including concert works for ensemble, solo instruments and voice, its repertoire constitutes a flexible and rich source of distinctive music for radio program builders.

AMP licenses: Licenses cover performing rights, "small" (i.e., strictly musical) and "grand" (i.e., musical-dramatic.) AMP's radio license is unique in that it covers "small" and "grand" rights under a single fee. The radio license stipulates that: (1) the monthly fee shall be equal to a station's highest quarter-hour rate card; (2) that AMP will sell the licensee any music (covered by the license) which is for sale, and rent such music as is not for sale; (3) that AMP will indemnify the licensee against claims arising from the use of music covered by the license.

AMP licensees: The national networks, the principal regional networks and most of the important independent radio stations are holders of AMP licenses.

AMP headquarters: 25 West 45th Street, New York City. Telephone BRyant 9-0845. Cable address: MUSICPUB—NEWYORK.

AMP officers: C. M. Finney, President; John R. Andrus, Vice-President and Treasurer; Ben Selvin, Vice-President; Anna M. Kerner, Secretary; Gretl Urban, Manager, Music Department.

HELP THE
RED CROSS

BROADCAST MUSIC, INC.

*By M. E. TOMPKINS
Vice-President and General Manager*

NINETEEN HUNDRED AND FORTY-FIVE is the twenty-fifth anniversary of radio. BMI wholeheartedly celebrates this great event in the history of the industry which created it, and celebrates at the same time its own fifth anniversary. The broadcasting industry can well be proud of its great record of public service during the past twenty-five years, for radio now occupies an invaluable place in the life of the nation.

More than 600,000 titles are listed as available for use in the latest BMI catalogue. These titles range all the way from arrangements of the classics to the hottest swing.

Bulletins are sent out periodically listing vital changes in the catalogue, so that the Index is always kept up to date. In addition, the Research Department which does this work is always at the service of BMI licensees.

The BMI FIELDMEN are specially trained to be of use to stations. They call on broadcasters with helpful suggestions for better programming, and are continually gathering opinions and suggestions from station men with an eye to making improvements in BMI's service.

The STANDARD DEPARTMENT continues to add music which never falls out of public favor to station libraries.

One of the highlights of standard music service in 1944 was the completion of BMI's affiliation with the American Composers Alliance to which most of America's leading serious composers belong. Through this agreement, broadcasters now have available, without additional cost, symphonic, orchestral and chamber music works, and are able to obtain scores and sets of parts without charge.

BMI's new record catalogue lists approximately 30,000 phonograph records performable exclusively by licensees of BMI.

The Script Department sends out weekly releases of shows that really sell. These programs range all the way from five-minute shows to thirty-minute productions. A sizable sheaf of letters from delighted commercial managers indicates that these programs are a salable product.

According to a station's needs, it receives regular shipments of concert, popular, hillbilly and other music.

The NEWSLETTER carries a weekly message on music to program directors and musical directors.

The BMI MUSIC MEMO is issued weekly to keep the record programs up to the minute on the latest releases, and provide background material on the artists who appear on the discs.

In North America today there are 970 commercial stations licensed by BMI—and a long list of national and regional networks.

This is but a partial list of the many BMI services to its licensees.

More and better service to the broadcasting industry is BMI's keynote for 1945.

President

SESAC celebrates its fifteenth anniversary as a leading performance rights organization in 1945.

In the years in back of us, we take pride in the growth of our organization and particularly in the confidence in which we are held by the entire radio industry. With practically every one of the 900 odd stations enjoying long term agreements with us, we are facing 1945 and the years to come with but one resolve uppermost in our plans: **To Be Of Service.**

To carry out this watchword of our organization we pledge:

1. Our station relations staff will continue to visit every radio station in the country during the year and assist station executives with their operational problems and music requirements.
2. To augment and pass on to the stations proven sales plans. This work made available by our station relations staff without cost was inaugurated last year and met with the thanks of many operators.
3. To continually improve the service features of our Program Service Department. In addition to helping stations with their programming problems, its main accomplishment of the past year was its preparation and publication of the **SESAC PROGRAM BUILDER**. This 160 page volume was sent to every station executive in America and met with enthusiastic and unstinted praise and commendation.
4. The past year saw the inauguration and the production of **SESAC** transcriptions. These transcriptions met with the approval of the many stations throughout the country which purchased them at practically cost. The success of these transcriptions has led us to plan for further developments in this new field.
5. We pledge to continue our liaison work for the United States Treasury in furthering the sale of War Bonds. Since the War started, we have been closely allied with the War Finance Division and our station relations staff, through its voluntary endeavors, has been able to assist the industry with its reports containing constructive suggestions obtained from the stations throughout the country and reporting on the outstanding War Bond programs.

SESAC's vast repertory of music from the catalogs of more than 100 publishers covers the full gamut of the art, from standard tunes to hillbilly. Our First Service feature to the industry is the simplicity of our system of licensing. There is no complicated bookkeeping entailed, no copyright clearance headaches, extra fees, restrictions or making out of troublesome logs.

We want to continue to merit our position and enjoy the industry's confidence in the future as in the past, hence—SESAC is at **Your Service.**

May I express my sincere thanks to the directors and agencies for thinking of me when casting their shows. I am grateful to them, not only for calling me so often, but for giving me the opportunity of playing so varied a number of parts. Once again many thanks.

HOW CAN RAY-TELE GIVE TALENT SO MUCH FOR SO LITTLE?

THAT question is asked of us not once but many times daily—usually accompanied by an air of pleased surprise. Because Ray-Tele actually does offer more than any talent service has ever before dared to offer.

The answer lies in Ray-Tele's wide appeal to all in the acting profession. What one person, alone, could not possibly finance we can offer because of our hundreds of clients. The determination, imagination and business ability which recognized the need for this expanded service has also made it a reality. Naturally we are delighted that so many fine actors and actresses have recognized the merit in all we have to offer.

THESE SERVICES INCLUDE:

THE VOICE LIBRARY—a permanent record of your abilities in all characterizations in which you feel competent.

HOSPITALIZATION—a standard plan at group rates.

TELEPHONE SERVICE—24 hours a day.

LAWYER AND ACCOUNTANT—for advisory purposes and at lower than regular fees.

MODEST FEES—an introductory rate of \$3.00 a month for the first ninety days. \$5.00 a month thereafter.

STRICT MONEY GUARANTEE—Here is an innovation of great worth to actor or actress. Ray-Tele agrees to compensate at scale any client who loses an engagement through Ray-Tele's negligence. Incredible? Well, almost. True? Definitely! While we have never yet been guilty of such negligence, Ray-Tele none-the-less stands ready to make good on this guarantee should it ever become necessary.
