For Busy Week in Cincinnati

Cincinnati will entertain one of the country's most popular or-chestra leaders when Guy Lombardo comes to town the week of June 20.

Cincinnati also will be entertained most generously by Lombardo and his Royal Canadians.

Here's what the famous orchestra is tentatively scheduled to do in one busy week : Headline the vandeville hill at the Alhee theatre; broadcast the Robert Burns Panatela program over station WKRC at 9 p. m. Monday. June 22, for relay over the Columbia Broadcasting System: broadcast daily from the Nether-land Plaza over WLW and possible WSAL

Lombardo has been engaged to hring his Roval Canadians to the Netherland Plaza Hune 90 to play daily in that hotel's Restau-rant Continentale and Pavillion Caprice His daily broadcast over WLW will he picked up from the hotel.

Probably no other orchestra has exerted so definite an influence on the public preference in dance music as this famous aggregation Lomhardo is largely responsible for the present taste for muffled hrasses and slow. crooning rhythm, as compared to the hlatant syncopation of a few vears ago.

Since the Royal Canadians made their debut 11 years ago in London. Ont., with young Guy playing the violin, his brother Carmen now famed as the composer of such song hits as "Coquette". "Sweethearts on Bornde". " Parade", and "Last Night I Dreamed Vou Kissed me", playing the flute and Fritz Kreitzer at the piano. Another hrother, Lebert, was enlisted, and musicians were gradually added until the orchestra numbered 11 in all Of this number, nine members of the present orchestra belong to the original Royal Canadians, including Carmen, who does most of the arranging for the orchestra, as well as the playíng

Lombardo's initial brondcast was in Cleveland, where the or-chestra first gained wide prom-inence, and where they played for three years. Then followed a lengthy Chicago engagement. a vaudeville tour of the United States, and a return trip to Canada

Present headquarters of the Roval Canadians is the Hotel Roosevelt in New York City. They broadcast daily from the hotel's Grill when in New York, and have played for several of the leading sponsored chain programs

Ambitious to be a elothes designer (now one of the hestdressed women on the stage), she went to Chicago and enrolled at the Academy of Fine Arts. She ran out of money before she finished her course and turned to the stage for part-time work. Paul Ash, orchestra leader.

gave her a chance to sing at the Oriental Theater and she made good there, as did Helen (boopoop-a-doop) Kane. Night club appearances further paved the way for her jump to the Broad-way stage. She played in two editions of Ziegfeld's "Follies. in "Whoopee" with Eddie Can-tor and in "Simple Simon" with Ed Wynne. Radio Astrologer Fails to Foretell Police Reaction to his Broadcasts; Lands in Court After Week on WKRC

What has become of "Dr." Alla Regeh, **31**-year-old astrolo-ger of Pittsburgh, who for slightly more than a week forecast future events in broadcasts from Station WKRC?

His strange "death" has been puzzling the station listeners ever since. Truth of the matter is that Regeh was arrested for practicing astrology without a license, after two city detectives appeared at the station to listen to his broadcast while two others made a shorthand record of his talk while listening at a downtown radio receiver.

"When I first arrived in Cincinnati I submitted my proposition to Maj. E. D. Kirgan, chief of detectives, and Col. William Copeland, chief of police," Regeh said. "Both informed me I need only take out an occupational license, which I did immediately."

Arraigned in Police Court, "Dr." Regeh refused to obtain counsel. Because there is no license provided for the practice of astrology, he said he felt certain he could not have broken the law. Judge George E. Tebbs fined him \$100 and costs and gave him a suspended sentence of three months in jail. Regeli paid the fine and left for New York to resume his broadcasts there.

"Dr." Regeh (whose real name is Charles Lawrence Nelson) made this statement for readers of RADIO DIAL :

"I have been in this line of work for more than 12 years and much of that time I have been broadcasting. I have written seven books on astrological subjects.

"The City Prosecutor even admitted to me that he didn't know what the science of astrology or horoscopes are. When I asked them about Evangeline Adams and Lorna Fantin, both of whom broadcast similar material from New York through stations WKRC and WLW, they told me that these people were outside their jurisdiction and that they could do nothing about them.

"When I pointed out that a Cincinnati newspaper is giving away printed horoscopes to its readers, I was told that the city officials were not interested in prosecuting.

"My talks and my hooks are based on science. I am in no sense a 'mind reader' or anything like it. I am an ordained min-ister of the Church of Infinite Science in San Diego, California, a graduate of two colleges and a member of the National Astrological Association."

GEORGIA BACKUS

Dramatic Director of the Coumbia Broadcasting System is he title acquired recently by Miss Georgia Backus. That title is a milestone marking a brief but remarkably interesting career.

Born in Columbus, Ohio. Georgia was reared in the tradition of the theatre. She was named after an uncle, George Backus, who is still remembered as the original Professor in "Way Down East." Her grandfather had built and managed a famous wax museum, and her mother was a concert singer.

At fourteen Georgia's talent gained her a job in a local stock company; at eighteen she was touring Ohio as manager and leading lady of "Strollers," the Ohio State University dramatic organization. She attended Smith College, as well as Ohio State, deserting both for the stage.

While she struggled with small parts in New York productions. Georgia occupied her spare time writing plays and short stories, but parts with road companies and a hasty decision to take a trip abroad stopped that for a while. Returning to New York from Europe on a freighter, broke, Georgia was offered a radio job through a shipboard acquaintance. Out of sheer desperation, she took the iob.

Soon Georgia was writing, diecting and acting radio drama. Her varied experience and versatile talents caused her superiors to name her director of dra-matics for the Columbia chain. She still acts, writes and directs.

Vallee's Vocal **Twin Confuses Campbell Fans**

That's not Rudy Vallee you hear singing with the Campbell Soup Orchestra through WSAI and other XBC stations at 8:15 every morning except Sinday. It's Lew Conrad. His voice is so much like Rudy's that a man in Minneapolis bet a thousand dollars it was the finnous Vallee boy crooning on his way home from a midnight broadcast. Then the m. from M. went to the National Broadcasting Company in New York to see for himself that his thousand was gone. The orchestra is a fooler, too. Many wagerers say it's B. A. Rolfe's orchestra--the same that plays the Lncky Strike programs (WSA1, Tuesday, Thursday, Saturday, at 9 p. m.). But it's really Andy Sanella's band. And he's the wizard with the guitar and saxophone on many other NBC programs.

Detroit Symphony, Edgar A. Guest On Sunday Hour

The Entrance of the Gods to Valhalla, from Wagner's "Got-terdammerung", will be the feattire of a concert by the Delroit Symphony Orchestra during the Graham-Paige program at 8:30 p. m., Sunday (May 31) over the Columbia network and WKRC.

Edgar A. Guest, poet, will read from his works. The complete program follows:

Overture: Beantiful Galaca.....Suppe Humore-que BGAR A. GUEST From the Lawl of the Sky Blue Waters.....Cadman Muriel Kyle, soprano Entrance of the Goat to Valhalla...Waguer

Ace Brigode Band Is New WRKC Dance Orchestra

Another nationally known dance group has been made available to Cincinnatians who get their dance music from their radio. It is Ace Brigode and his Virginians, who began broadcasting last week from Coney Island over WKRC.

Brigode comes on the air with the orchestra singing "Carry Me Back to Old Virginia." They are on the air every night except Monday. Consult your RADIO DIAL programs for their appearances.
