WHO WANT THE
BEST IN RADIO

RCA-Radiotron

R. C. A. Radiotrons are primarily instruments of precision—the most sensitive ever manufactured and sold on a large scale. The research and experimentation of the vast laboratories of the Radio Corporation of America have brought to you these precision tubes that assure you the utmost perfection in radio reception.

Be sure your set is equipped with R. C. A. Radiotrons, and for best results renew your tubes once each year. If you do not know the name of your nearest Radiotron dealer write McGowin-Lyons Hardware & Supply Company, Mobile, Alabama.

YOU'RE THERE WITH A

CROSLLEY

When you buy a Crosley Radio you are assured of the newest in radio, because Crosley is a pioneer radio manufacturer and has always been a leader in adapting the latest developments to Crosley Receivers.

The market does not offer a finer radio receiver as to appearance, selectivity, volume and tone than the new Crosley A-C receivers, yet mass production methods have placed them within the price class of all the people.

Write McGowin-Lyons Hardware and Supply Company, Mobile, Alabama, for the name of your nearest Crosley dealer. Then ask him for a demonstration. Be your own judge.
