

NOTICES

7th BNASS ***University of Hull*** **20-22 July 1994**

The Biennial National Atomic Spectroscopy Symposium has an international reputation as the United Kingdom's premier meeting in the field of analytical atomic spectroscopy. It is a three-day meeting where plenary lectures, given by world-renowned spectroscopists, provide overviews of important areas of atomic spectroscopy. Invited and submitted lectures, as well as posters, cover the most recent developments in both pure and applied atomic spectroscopy. Although the majority of papers tend to focus on analytical applications, presentations on theoretical studies or fundamental advances in AA, AE, AF and XRF are also important components of each BNASS.

At the 7th BNASS there will be an exhibition comprising the main suppliers of commercial atomic spectroscopic instrumentation and accessories, suppliers of ancillary equipment, and scientific publishers.

Younger scientists are particularly welcome at BNASS meetings, and a number of bursaries will be offered to research students. There will be prizes for the best student poster and lecture.

Immediately prior to the 7th BNASS there will be a Workshop covering the topics of sample pretreatment and sample introduction for atomic spectroscopy.

The balance between scientific and social activities has given BNASS the enviable reputation of being a friendly, dynamic meeting. A number of social events, including a Symposium Dinner, will form an integral part of the programme for the 7th BNASS. Delegates will be assured of a warm welcome from the University of Hull, and in particular the School of Chemistry which is home to one of the UK's major centres for analytical chemistry.

If you would like to receive a registration form, please contact:

FACSS XXI, 1994

The 21st Annual Conference of the Federation of Analytical Chemistry and Spectroscopy Societies (FACSS) will be held in St. Louis, Missouri at the Cervantes Convention Center during the week of 2-7 October 1994. The deadline for submission of titles and a preliminary 100 word brief is 21 March 1994. For further information, please contact: FACSS, 198 Thomas Johnson Drive, Suite S-2, Frederick, MD 21702-4317, U.S.A. or call (301) 846-4797.

FEDERATION OF ANALYTICAL CHEMISTRY AND SPECTROSCOPY SOCIETIES**NOMINATIONS FOR THE TOMAS HIRSCHFELD STUDENT AWARDS****1994 FACSS CONFERENCE**

2-7 October 1994, Cervantes Convention Center, St. Louis, MO, U.S.A.

Nominations are requested for the Tomas Hirschfeld Student Awards, which will be presented at the 21st FACSS Conference. Awards are given for the most outstanding papers submitted by graduate students in the field of analytical chemistry. The student nominees will present 20 minute papers at the 1994 FACSS Conference. To be considered for these awards, students must submit a Call For Paper—Title Submission Form, two letters of nominations, including one from their graduate advisor, any reprints/preprints, and a 250 word abstract to: Diane Landoll, FACSS National Office, P.O. Box 278, Manhattan, KS 66502, U.S.A.

The deadline for submission of all materials is 21 March 1994. Awardees will have their travel arranged and paid for by FACSS. Papers that are not selected for the award will still be scheduled for presentation. If you are unable to attend unless you are an award winner, please notify us so we can remove your paper from the Program.

For further information concerning the Tomas Hirschfeld Student Awards contact the Student Award Chairman:
