

Publisher's Announcement—American Regional Editor

After 5 years of dedicated service, Professor Kevin Burgess stepped down as American Regional Editor at the end of December 2005.

The Journal Editor and Publisher would like to take this opportunity to thank Professor Burgess for his work on behalf of *Tetrahedron: Asymmetry* and the contributions he has made to the development of the journal. We wish him every success in his future activities.

From January 2006, the Editor-in-Chief Professor Stephen Davies will handle contributions from the Americas interim. Authors should submit their papers to Professor Davies via the journal's online submission site (<http://ees.elsevier.com/tetasy>).
