

ERRATA

N.S.NARASIMHAN and A.C.RANADE: Lithiation of N-acetylbenzylamine

Tetrahedron Letters No.46, pp. 4145-4148 (1965).

We sincerely regret that through an oversight we failed to acknowledge the financial assistance to one of us (A.C.R.) from C.S.I.R., India, for this work.

J.STRATING, L.THIJS and B.ZWANENBURG: Sulfines by oxidation of thioketones

Tetrahedron Letters No.1, pp. 65-67 (1966).

p.67, line 15: for "thiaxanthione"
read "thiaxanthone"

C.STEELINK and R.E.HANSEN: A solid phenoxy radical from disyringylmethane -
a model for lignin radicals

Tetrahedron Letters No.1, pp. 105-111 (1966).

We regret the omission of a reference to the work of G.M.Coppinger,
J.Am.Chem.Soc., 79, 501 (1957), whose synthesis of galvinoxyl appears to
precede that of Kharasch and Joshi (Ref.8).
