R.SUBBARAO, G.VENKATESWARA RAO and K.T.ACHAYA: Protection of unsaturation
during heterogenous catalytic hydrogenation of aliphatic epoxy to hydroxy
groups

Tetrahedron Letters No.4, pp. 379-381 (1966).

p.379, line 9 from bottom:

for "a methyl linoleate concentrate"

read "a methyl oleate concentrate"

C.F.HUEBNER, E.DONOGHUE, L.DORFMAN, F.A.STUBER, N.DANIELI and E.WENKERT:

Unusual adducts of methyl acetylenedicarboxylate and olefins

Tetrahedron Letters No.11, pp. 1185-1191 (1966).

A previous preparation of V by reaction of acetylenedicarboxylate with
1,4-cyclohexadiene cited without experimental details by K.Alder,
F.Brochhagen, C.Kaiser and W.Roth, Ann. 593, 1 (1955) has been regrettably
overlooked.
