

ERRATUM

F. PIETRA and D. VITALI: Bifunctional catalysis in activated nucleophilic aromatic substitution.

Tetrahedron Letters No.46, pp. 5701-5706 (1966).

The following errors which appeared in the printed article were not present in the manuscript originally accepted for publication.

Text

Lines 1 and 2, p. 5701 should read as follows :

It is known (1,2) that the reaction of fluoro-2,4-dinitrobenzene (FDNB) with piperidine (PIP) in benzene follows rate law 1:

Line 6, p. 5705, last word should be :

limiting

Figure Captions

Lines 3 and 4 of caption to FIG.1, p. 5702 should read as follows :

triangles; phenol, closed circles; stoichiometric α -pyridone, open triangles; monomeric α -pyridone, open circles (upper scale).

Table Caption

First line :

for benzene

read benzene
