

ERRATUM

REINHARD SCHULZ and ARMIN SCHWEIG: Elucidation of thermal reactions by variable temperature photoelectron spectral detection of reactive intermediates. The UV photoelectron spectra of transient fulveneketene, fulvenethioketene, a ketoketene, and thiobenzpropiolactone. Tetrahedron Letters No. 1, 59-62 (1979).

The second and third pages of this paper were interchanged during the production process. The page printed as p 60 should have been p 61 and vice versa.
