

E R R A T U M

THE STEREOCHEMISTRY OF THE HYDROBORATION REARRANGEMENT.

L. D. Field and S. P. Gallagher, Tetrahedron Lett., 1985, 26, 6125-8.

The sentence : "In contrast, direct hydroboration of the exocyclic afforded 2 and 3 in the ratio 30:70, respectively." should read : "In contrast, direct hydroboration of the exocyclic afforded 2 and 3 in the ratio 70:30, respectively." Similarly the ratio of 2:3 should be inverted in the corresponding diagram.

References 7 and 8 should read :
