

CORRIGENDUM

A NOVEL SYNTHETIC ROUTE TO PHENYL-SUBSTITUTED PYRIDINES
SYNTHESIS OF [1]BENZOPYRANO[4,3-b]PYRIDINES
[1]BENZOTHIOPYRANO[4,3-b]PYRIDINES AND
PYRIDO[3,2-b][1,4]BENZOTHIAZINES (1-AZAPHENOTHIAZINES).

D.V. Tyndall^a, T. Al Nakib^b and M.J. Meegan*^a

Tetrahedron Letters, Vol. 29, No. 22, pp 2703-2706, 1988.

Page 2704, paragraph 2, should read:

This reaction was then applied to the synthesis of a number of 4H-pyrans and -pyridine-containing heterocycles from the appropriate α,β -unsaturated ketones. The results are shown in Table 1. Compounds (11), (12) and (17) have previously been reported by Otto^{6a}. The reaction of 3-benzylidenechroman-4-ones ...
