CORRIGENDUM

P. Hoffmann, G. Labat, A. Robert, B. Meunier, Highly selective bromination of tetramesitylporphyrin: an easy access to robust metalloporphyrins, $M-Br_8TMP$ and $M-Br_8TMPS$. Examples of application in catalytic and oxidation reactions, *Tetrahedron Lett.*, **1990**, *31*, 1991

Page 1992, in table 1, the U.V.-visible data of the last two complexes should read as follows:

$Mn^{III}Br_8TMPS$, 491 (23) and 590 (2.3) and

$Fe^{III}Br_8TMPS$, 450 (120)
