CORRIGENDUM

M^a I. Matheu, R. Echarri and S. Castellón, Stereoselective synthesis of nucleosides by metallocene-promoted activation of glycosyl fluorides, *Tetrahedron Letters*, 1992, 33, 1093.

On page 1094 line 7 should read:

using Cp₂HfCl₂-AgOTf in benzene as the solvent, giving the α isomer with a high stereoselectivity, which
