## CORRIGENDUM

R. Shankar and A. I. Scott, A convenient synthesis of 2-(diethoxyphosphonyl)glycine and its derivatives, *Tetrahedron Letters*, **1993**, *34*, 231-234.

Several key references to previous work on the preparation of 2-(diethoxyphosphonyl)glycine derivatives *viz* the free acids,<sup>1</sup> esters,<sup>1,2</sup> amides,<sup>3</sup> peptides,<sup>1,4</sup> as well as  $\alpha$ -hydroxy glycines<sup>5</sup> were inadvertently omitted from the above publication.
