The yields quoted in Fig. 1 for compounds **1a-d** were incorrectly reported. The better yields should be as follows:

- (a) R₁ = H, R₂ = Me (70-80%)
- (b) R₁ = Me, R₂ = Me (72-98%)
- (c) R₁ = CHMe₂, R₂ = Me (100%)
- (d) R₁ = CH₂Ph, R₂ = Me (56%)
