

Corrigendum

Corrigendum to “Bis-zirconium and bis-hafnium catalysts for the strong activation of carbonyl substrates”
[Tetrahedron Lett. 41 (2000) 5543–5546][†]Hideo Hanawa,^a Satoshi Kii,^b Naoki Asao^a and Keiji Maruoka^{a,b,*}^a*Department of Chemistry, Graduate School of Science, Kyoto University, Sakyo, Kyoto 606-8502, Japan*^b*Department of Chemistry, Graduate School of Science, Hokkaido University, Sapporo 060-0810, Japan*

The author regrets that the absolute configuration of homoallylic alcohol **8** (R = CH₂CH₂Ph) in the above paper was written incorrectly. The correct absolute configuration of **8** (R = CH₂CH₂Ph) is *R*.
