Corrigendum

**Corrigendum to “Olefin isomerization by a ruthenium carbenoid complex. Cleavage of allyl and homoallyl groups”<sup>†</sup>**

Christine Cadot, Peter I. Dalko and Janine Cossy\*

*Laboratoire de Chimie Organique associé au CNRS, ESPCI, 10, rue Vauquelin, 75231 Paris Cedex 05, France*

---

The authors regret that Page 1, Column 2 of the above paper should have read:

“When allyl ether **1** was treated with catalyst **I** (3%) in methylene chloride at reflux for 12 h and...”
