

Corrigendum

**Corrigendum to “Site-selective and covalent labelling of the  
cysteine-containing peptide glutathione with a ferrocenyl group”  
[Tetrahedron Lett. 45 (2004) 7511]**

Available online 6 July 2005

The authors express their regret that the earlier work published by Professor Charles N. C. Drey on the selective protection of L-cysteine by an *S*-ferrocenylmethyl moiety for glutathione synthesis (Steward, A. S. J.; Drey, C. N. *C. J. Chem. Soc., Perkin Trans. 1* **1990**, 1753–1756) was not cited.
