

Corrigendum

**Corrigendum to “Remarkably facile Heck and Suzuki reactions
in water using a simple cationic surfactant and ligand-free
palladium catalysts”**

[Tetrahedron Lett. 46 (2005) 3557]

A related Suzuki coupling protocol has been reported (Bedford, R. B.; Blake, M. E.; Butts, C. P.; Holder, D. *Chem. Commun.* **2003**, 466–467) in which deactivated chloroarenes and PhB(OH)₂ were cross-coupled using ligandless Pd(OAc)₂ as the catalyst in a TBAB melt with added water.
