

ERRATA

Rotationsisomerie und Konjugation im Vinylcyclopropan—eine Elektronenbeugungsuntersuchung des freien Moleküls in der Gasphase. A. de Meijere und W. Lüttke, *Tetrahedron* **25**, 2047 (1969).

S. 2051, 2. Zeile von unten, statt $\Delta G = RT \ln K$ lies $-\Delta G = RT \ln K$

S. 2055, Gleichung 1 muss heißen

$$J_{ab}^{\text{obs}} = x_{\text{tr}} J_{ab}^{\text{tr}} + x_{\text{g}} J_{ab}^{\text{g}}$$

Infra-red absorption of substituents in heterocyclic systems—XI. A. R. Katritzky, H. J. Keogh, K. Lempert and J. Puskas, *Tetrahedron* **25**, 2265 (1969).

p. 2265, after 4th. line from foot of page:

... alkylation of monosubstituted cyanamides.⁶ Sometimes the isolation of the disubstituted cyanamides and ...
