

Erratum

In “A Genomic Screen of Autism: Evidence for a Multilocus Etiology,” by Risch et al., which appeared in the August 1999 issue of the *Journal* (65:493–507), the affiliations of several authors were incorrectly coded. The corrected affiliations for these authors are as follows: Luba Kalaydjieva and Tamara Rogers are affiliated with the Centre for Human Genetics, Edith Cowan Univer-

sity, Perth; Boyd Salmon is affiliated with the Centre for Clinical Research in Neuropsychiatry, Graylands Hospital/University of Western Australia, Perth; and Peter Nicholas, P. Brent Petersen, Carmen Pingree, and William McMahon are affiliated with the Department of Psychiatry, University of Utah, Salt Lake City. The *Journal* regrets these errors.
