

Strong Maternal Khoisan Contribution to the South African Coloured Population: A Case of Gender-Biased Admixture

Lluis Quintana-Murci,* Christine Harmant, H el ene Quach, Oleg Balanovsky, Valery Zaporozhchenko, Connie Bormans, Paul D. van Helden, Eileen G. Hoal, and Doron M. Behar

(The American Journal of Human Genetics 86, 611–620; April 9, 2010)

A printers' error resulted in an incorrect first heading in Table 1 when this article was initially published online ahead of print March 25, 2010. The first heading, "South/southeast Asian," should have read "Sub-Saharan African." The table has been corrected online and is correct in the print issue. *AJHG* and its printers regret the error.
