**Charged and identified particles in the hadronic decay  
of W bosons and in  $e^+e^- \rightarrow q\bar{q}$  from 130 to 200 GeV**

The DELPHI Collaboration

Published online: 16 August 2002 / © Springer-Verlag / Società Italiana di Fisica 2002

In the paper “Charged and identified particles in the hadronic decay of W bosons and in  $e^+e^- \rightarrow q\bar{q}$  from 130 to 200 GeV” published in European Physical Journal **C18** (2000) 203–228, the scales of the Figs. 2b and 3b are not correct. In both cases the vertical scale should read –6 to +6 instead of –3 to +3.
