GENERAL INFORMATION

Aims and Scope

This journal is of very broad interest to the large technical community concerned with the development of an understanding of the phenomenon of adhesion and its practical applications. The art of adhesion is maturing into a science which requires a broad, coordinated interdisciplinary effort to provide an understanding of its complex nature and numerous manifestations. *The Journal of Adhesion* provides a forum for discussion of the basic and applied problems in adhesion. Papers are considered relevant if they contribute to the understanding of the response of systems of joined materials to mechanical or other disruptive influences. Experimental papers are required to incorporate theoretical background and theoretical papers must relate to practice.

Notes for contributors can be found at the back of the journal.

TABLES

Number tables consecutively with roman numerals, and give each a clear descriptive caption at the top. Avoid the use of vertical rules in tables.

UNITS

Metric units are preferred. Acceptable abbreviations of units are given in *Handbook for Authors of The American Chemical Society*, and similar publications.

REFERENCES AND NOTES

References and notes are indicated in the text by consecutive superior arabic numbers (without parentheses). The full list should be collected and typed at the end of the paper in numerical order. Listed references should be complete in all details but excluding article titles in journals. Authors' initials should precede their names; journal title abbreviations should conform to *Chemical Abstracts*. Examples:

1. A. B. Smith and C. D. Jones, *J. Appl. Phys.* **34**, 296 (1965).
2. R. B. Brown, *Molecular Spectroscopy* (Gordon and Breach, New York, 1970), 3rd ed. Chap. 6, pp. 95–106.

PROOFS

Authors will receive page proofs (including figures) by airmail for correction, which must be returned to the printer within 48 hours of receipt. Please ensure that a full postal address is given on the first page of the typescript, so that proofs are not delayed in the post. Authors' alterations in excess of 10% of the original composition cost will be charged to authors.

Reprints: Fifty free reprints will be supplied to the first author, additional reprints may be ordered by completing the appropriate form sent with proofs.

PAGE CHARGES

There are no page charges to individuals or to institutions.

It is a condition of the acceptance by the editor of a typescript for publication that the publishers acquire automatically the copyright in the typescript throughout the world.
