## NOTES TO CONTRIBUTORS

The JOURNAL OF BIOCHEMISTRY publishes contributions, written in English, in the forms of (1) Regular paper and (2) Rapid communication, covering materials requiring prompt publication.

Submission of a paper implies that the work described has not been published previously, that it is not under consideration for publication elsewhere, and that if the paper is accepted for publication, the author(s) will transfer the copyright to the Japanese Biochemical Society.

Manuscripts should be written in succinct forms. No length-limit is set for a Regular paper, whereas a Rapid communication is not allowed to exceed 3.5 printed pages. Charges of ¥700 and ¥7,200 are made for every printed page of a Regular paper and a Rapid communication, respectively.

The manuscript should be typewritten in double-spacing and appropriately numbered. Submission of four copies of manuscript is requested. The manuscript should be sent to: The Japanese Biochemical Society, Ishikawa Building-3f, 25-16, Hongo 5-chome, Bunkyo-ku, Tokyo 113-0033, Japan.

Reprints can be purchased, in lots of 50 copies, at cost prices. The order for reprints should be made on returning the proof.

On submission of papers, authors are requested to select one of the following five fields and its topic, under which the submitted papers should be reviewed, and to indicate their selection on the title page of the manuscript. Authors may suggest a few names and addresses of potential reviewers, who are suitable for reviewing the submitted papers.
