

### Guest Referees

The Editors of the *Journal of Membrane Biology* gratefully acknowledge the valuable assistance of the following guest referees during the year 1994:

- D. Adams, Miami  
S. Adibi, Pittsburgh  
B.W. Agranoff, Michigan  
P. Agre, Johns Hopkins  
R.J. Alpern, Texas, Dallas  
O. Andersen, Cornell  
T.E. Andreoli, Arkansas  
D. Armstrong, NIEHS  
F.M. Ashcroft, Oxford  
D.A. Ausiello, Massachusetts  
General Hospital  
E. Bamberg, Konstanz  
H. Bayley, Worcester Foundation  
for Experimental Biology,  
Massachusetts  
B.P. Bean, Harvard  
T. Begeenisich, Rochester  
M.A. Beilby, New So. Wales  
D. Benos, Alabama  
F.W. Bentrup, Salzburg  
M. Berridge, Cambridge  
K.W. Beyenbach, Cornell  
E.C. Beyer, Washington, St. Louis  
S. Bhakdi, Mainz  
L. Birnbaumer, Baylor  
M.A. Bisson, SUNY, Buffalo  
M.R. Blatt, Wye  
J. Blum, Duke  
C.A. Boyd, Oxford  
M.-A. Broillet, Sloan Kettering  
Cancer Center  
C. Brugnara, Children's Hospital,  
Boston  
D. Cafiso, Virginia  
M. Cahalan, California, Irvine  
O.A. Candia, Mt. Sinai, New York  
E. Carafoli, Zurich  
N.A. Castle, Harvard  
A. Caswell, Miami  
M. Cereijido, Mexico  
C. Cheeseman, Alberta  
R.J. Cherry, Essex  
P. Chong, Temple  
M.M. Civan, Pennsylvania  
I.S. Cohen, SUNY, Stony Brook  
L.B. Cohen, Yale  
M. Colombini, Maryland  
R. Coronado, Wisconsin  
W.A. Cramer, Purdue  
R.R. Crichton, Louvain  
D.L. Daleke, Indiana  
A.L. Davidson, Baylor  
T. DeCoursey, St. Luke's Hospital,  
Chicago  
L.J. DeFelice, Emory  
A. Delcour, Houston  
O. Devuyt, Johns Hopkins  
P. DeWeer, Pennsylvania  
V. Dionne, Marine Biological  
Laboratory  
D. Dimitrov, NIH  
P.J. Donaldson, Auckland  
I. Dukes, Glaxo, North Carolina  
P. Dunham, Syracuse  
K. Dunlap, Tufts  
M.J. Dunne, Sheffield  
N. Duzgunes, Pacific  
D.C. Eaton, Emory  
G. Eddlestone, Cornell  
M.A. Edidin, Johns Hopkins  
B.E. Ehrlich, Connecticut  
R.S. Eisenberg, Rush  
E. Elson, Washington, St. Louis  
W. Epstein, Chicago  
S. Ernst, Michigan  
D.M. Fambrough, Johns Hopkins  
G.D. Fasman, Brandeis  
M. Fill, Texas, Galveston  
G.P. Findlay, Flinders  
A. Finkelstein, Albert Einstein  
J. Fischberg, Columbia  
H. Fisher, California, Berkeley  
P.W. Flatman, Edinburgh  
B. Forbush, III, Yale  
G. Fortes, California, San Diego  
J.K. Foskett, Hospital for Sick  
Children, Toronto  
A.P. Fox, Chicago  
H.A. Fozzard, Chicago  
F. Franciolini, Perugia  
O. Frohlich, Emory  
E. Frömter, Frankfurt  
G. Fuhr, Humboldt  
D.C. Gadsby, Rockefeller  
P.W. Gage, Australian National  
A. Galione, Oxford  
E.K. Gallin, Armed Forces  
Radiobiology Research Institute  
K. Geering, Lausanne  
A. Ghazi, Paris-Sud  
G.H. Giebisch, Yale  
L. Goldstein, Brown  
B.D. Gomperts, London  
R. Greger, Albert-Ludwig, Freiburg  
W.B. Guggino, Johns Hopkins  
T. Gunther, Berlin  
H.R. Guy, NIH  
M. Haas, Chicago  
S.-I. Hakomori, Biomembrane  
Institute, Seattle  
J.E. Hall, California, Irvine  
O.P. Hamill, Texas, Galveston  
A.L. Harris, Johns Hopkins  
S. Harshman, Vanderbilt  
W. Hasselbach, Max-Planck,  
Heidelberg  
R.P. Hausinger, Michigan  
S. Hidemann, Michigan  
D.W. Hilgemann, Texas, Dallas  
A.E. Hill, Cambridge  
R.D. Hinrichsen, Fred Hutchinson  
Cancer Research Center  
R. Hoekstra, Groningen  
S.R. Hootman, Michigan  
U. Hopfer, Case Western  
R. Horn, Jefferson Medical College  
L.A. Horrocks, Ohio  
W. Hubbell, California  
N. Ikemoto, Boston Biomedical  
Research  
R.F. Irvine, Cambridge  
K. Jacobson, North Carolina  
K. Jalinh, Netherlands Cancer  
Institute  
L.Y. Jan, California, San Francisco

- S.M. Jarvis, Kent  
 T.J. Jentsch, Hamburg  
 C.H. Joiner, Cincinnati  
 R. Jones, Cambridge  
 L. Kaczmarek, Yale  
 B.L. Kagan, California, Los Angeles  
 D.M. Kaji, Mt. Sinai, New York  
 U. Karch, Munich  
 S.J.D. Karlish, Weizmann Institute  
 K. Karnaky, South Carolina  
 J.J. Kasianowicz, N.I.S.T.  
 J. Keizer, California, Davis  
 B. Keller, Max-Planck, Göttingen  
 G. Kirsch, Baylor  
 D.A. Kirschner, Children's Hospital, Boston  
 T.R. Kleyman, V.A. Medical Center, Philadelphia  
 P.A. Knauf, Rochester  
 H.-A. Kolb, Tubingen  
 D.E. Koppel, Connecticut  
 S.J. Korn, Connecticut  
 K.H. Krause, Geneva  
 B.K. Krueger, Maryland  
 C. Kung, Wisconsin  
 D. Landowne, Miami  
 J.B. Lansman, California, San Francisco  
 P.K. Lauf, Wright State  
 D. Laver, Australian National  
 M. Lazdunski, Nice  
 M.F. Lecompte, CNRS  
 H.C. Lee, Minnesota  
 M.B. Lees, Shriver Center for Mental Retardation  
 M. Levi, Texas, Dallas  
 D.G. Levitt, Minnesota  
 V.L. Lew, Cambridge  
 S.A. Lewis, Texas, Galveston  
 J.B. Lingrel, Cincinnati  
 I. Llano, Paris  
 T.E. Machen, California, Berkeley  
 D.H. MacLennan, Toronto  
 J.L. Madara, Brigham & Women's Hospital  
 I.H. Madshus, Bergen  
 M.E. Maguire, Case Western  
 M. Mahaut-Smith, Cambridge  
 A. Martonosi, SUNY, Syracuse  
 A. Marty, Paris  
 H.J. McArdle, Dundee  
 T. McClintock, Kentucky  
 A.C. McLaughlin, N.I.H.  
 M.G. McNamee, California, Davis  
 G. Meissner, North Carolina  
 G. Menestrina, Trento  
 R.W. Mercer, Washington, St. Louis  
 M.A. Milanick, Missouri  
 J.W. Mills, Clarkson  
 E.G. Moczydlowski, Yale  
 C.E. Morris, Loeb Research Institute  
 J.M. Mullin, Lankenau Medical Research Center  
 D.J. Nelson, Chicago  
 D.L. Nelson, Wisconsin-Madison  
 B. Neumcke, Saarlandes  
 J. Neyton, Paris  
 M. Nibert, Wisconsin  
 C.G. Nichols, Washington, St. Louis  
 H. Nikaido, California, Berkeley  
 A. Noma, Kyoto  
 W. Nonner, Miami  
 M.E. O'Donnell, California, Davis  
 H. Oberleithner, Würzburg  
 S. Ohki, SUNY, Buffalo  
 M. Palacin, Barcelona  
 P.T. Palade, Texas, Galveston  
 H.C. Palfrey, Chicago  
 D. Papahadjopoulos, California, San Francisco  
 H. Pasantes-Morales, Mexico  
 C.A. Pasternak, St. George's Hospital, London  
 J.B. Patlak, Vermont  
 D. Paul, Harvard  
 K.U. Petersen, Aachen  
 O. Petersen, Liverpool  
 R. Pethig, North Wales  
 K. Philipson, California, Los Angeles  
 G.M. Preston, Johns Hopkins  
 J.L. Rae, Mayo Foundation  
 J.P. Reeves, Roche Institute  
 P. Reinach, Georgia  
 L. Reuss, Texas, Galveston  
 R. Rick, Alabama  
 P. Ripoche, Gif-sur-Yvette  
 R. Rogawski, Chicago  
 E. Rojas, N.I.H.  
 S. Roper, Colorado  
 B. Rose, Marine Biological Laboratory  
 R. Rosenberg, Copenhagen  
 J.P. Rosenbusch, Basel  
 W.N. Ross, New York  
 B.C. Rossier, Lausanne  
 F. Sachs, SUNY, Buffalo  
 M.H. Saier, Jr., California, San Diego  
 B.M. Salzberg, Pennsylvania  
 S. Sasaki, Tokyo  
 T. Scheuer, Washington, Seattle  
 I. Schulz, Saarlandes  
 W. Schwarz, Max-Planck, Frankfurt  
 J. Seelig, Basel
