

2005 Guest Referees

The Editors of the *Journal of Membrane Biology* gratefully acknowledge the valuable assistance of the following guest referees during the year 2005:

- S. Ambudkar, NCI, National Institutes of Health
- J.M. Anderson, University of North Carolina
- J.D. Angstadt, Siena College
- Y.N. Antonenko, Johannes Kepler University, Austria
- H.-J. Apell, University of Konstanz, Germany
- I. Arkin, The Hebrew University, Israel
- G.H. Artmann, University of Applied Sciences, Aachen, Germany
- J.M. Arguello, Worcester Polytechnic Institute
- P.H. Barry, University of New South Wales, Australia
- W.H. Barry, University of Utah
- M.J. Beilby, University of New South Wales, Australia
- F.W. Bentrup, University of Salzburg, Austria
- R. Benz, Universität Würzburg, Germany
- L. Best, University of Manchester, UK
- H.J. Binder, Yale University
- M.A. Bisson, State University of New York at Buffalo
- M. Bogdanov, University of Texas at Houston
- C.B. Bouzat, National University Sr., CONICET, Argentina
- A. Bravo, UNAM, Mexico
- H. Brockman, University of Minnesota
- F.F. Bukauskas, Albert Einstein College of Medicine
- O.A. Candia, Mt. Sinai School of Medicine
- S.C. Cannon, University of Texas Southwestern Medical Center
- M. Cerejido, Centro de Investigaciones del IPN, Mexico
- C. Cheeseman, University of Alberta, Canada
- C.W. Clarkson, Tulane University
- D.H. Cox Tufts University
- D.J. Craik, University of Queensland, Australia
- S. Cukierman, Loyola Medical School
- J. Cuppoletti, University of Cincinnati
- W.L. Dean, University of Louisville
- A.B. Diekman, University of Arkansas
- P. Dietl, University of Ulm, Germany
- J.P. Dilger, State University of New York at Stony Brook
- S.E. Dryer, University of Houston
- J.M. Dubois, CNRS, France
- J. Eggermont, KU Leuven, Belgium
- T. Elzenga, University of Groningen, The Netherlands
- J.J. Enyeart, Ohio State University
- P. Enyedi, Semmelweis University, Hungary
- C.M. Fahlke, RWTH-Aachen, Germany
- S. Feller, Wabash College
- J. Fischbarg, Columbia University
- H.B. Fischer, Children's Hospital-Oakland
- W.B. Fischer, Oxford University, UK
- J. Florin-Christensen, Buenos Aires, Argentina
- P. Fong, The Johns Hopkins University
- G.W. Forsyth, University of Saskatchewan, Canada
- K.R. Foster, University of Pennsylvania
- O. Froehlich, Emory University
- G. Fuhr, Fraunhofer-Institut, Germany
- F. Gambale, Instituto di Cibernetica e Biofisica, Italy
- H. Garty, Weizmann Institute, Israel
- K. Gawrisch, NIAAA, National Institutes of Health
- A.L. George, Jr., Vanderbilt University
- D.L. Gill, University of Maryland
- H. Ginsburg, The Hebrew University of Jerusalem, Israel
- F. Goni, Leioa, Spain
- S.L. Grassl, State University of New York, Syracuse
- M.A. Gray, University Medical School, UK
- V.K. Gribkoff, Scion Pharmaceuticals, Medford, MA
- S. Grinstein, The Hospital for Sick Children, Canada
- J.E. Hall, University of California, Irvine
- D.R. Halm, Wright State University
- A.L. Harris, UMDNJ-New Jersey Medical School
- D. Haussinger, Universitäts-klinikum Düsseldorf, Germany

- R.M. Hays, Albert Einstein College of Medicine
- R. Hedric, Julius-von-Sachs Institut, Germany
- G.P. Hess, Cornell University
- E.K. Hoffmann, University of Copenhagen, Denmark
- U. Hopfer, Case Western Reserve University
- J.-D. Horisberger, University Lausanne, Switzerland
- C.A. Hrycyna, Purdue University
- A.J. Hulbert, University of Wollongong, Australia
- T.-C. Hwang, University of Missouri, Columbia
- J. Illingworth, University of Leeds, UK
- L.Y. Jan, University of California, San Francisco
- R. Jones, The Babraham Institute, UK
- W.W.Y. Kao, University of Cincinnati
- S.J.D. Karlish, Weizmann Institute, Israel
- R.S. Kass, Columbia University
- M.P. Kavanaugh, University of Montana
- R.M. Krupka, London, Canada
- K. Kunzelmann, Universität Regensburg, Germany
- D.R. Laver, Australian National University, Australia
- P.K. Lauf, Wright State University
- G. Lees, University of Otago, New Zealand
- I. Levitan, University of Pennsylvania
- A.D. Linstedt, Carnegie Mellon University
- S. Lummis, MRC, UK
- F.J.M. Maathuis, University of York, UK
- B. Maggio, Universidad Nacional de Cordoba, Argentina
- D.C. Marcus, Kansas State University
- S.I. McDonough, Amgen, Inc, Thousand Oaks, CA
- D. McMillan, Medical University of South Carolina
- R.W. Mercer, Washington University, St. Louis
- J. Mindell, NINDS, National Institutes of Health
- K. Miyamoto, University of Tokushima, Japan
- A. Moorhouse, University of New South Wales, Australia
- S. Murray, University of Pittsburgh
- H. Nakamura, Osaka University, Japan
- A. Noguchi, National Inst. of Infectious Diseases, Japan
- A. Noma, Kyoto University, Japan
- R.A. North, University of Sheffield, UK
- M.E. O'Leary, Thomas Jefferson University Medical College
- A.M. Pajor, University of Texas Medical Branch, Galveston
- W.L. Pak, Purdue University
- M. Palacin, University of Barcelona, Spain
- H. Pasantés-Morales, UNAM, Mexico
- M.C. Pedroso de Lima, University of Coimbra, Portugal
- C. Peracchia, University of Rochester
- B.Z. Peterson, Penn State College
- O. Pongs, University of Hamburg, Germany
- J.F. Pooler, Emory University
- G. Prevost, University of Strasbourg, France
- C. Rabouille, University. Medical Centre Utrecht, The Netherlands
- D.S. Ragsdale, McGill University, Canada
- R. Rahamimoff, Hebrew University, Israel
- R. Rakowski, Ohio University
- T.A. Rapoport, Harvard Medical School
- L. Reuss, University of Texas Medical Branch, Galveston
- J.-L. Rigaud, Institut Curie, UMR-CNR, France
- A.K. Ritchie, University of Texas Medical Branch, Galveston
- S.I. Rizvi, University of Allahabad, India
- W. Romer, Institut Curie, France
- B. Rothberg, University of Texas, San Antonio
- J.M. Russell, Syracuse University
- J. Santos-Sacchi, Yale University
- W. Sather, University of Colorado
- R.W. Schauer, Christian-Albrechts Universität Kiel, Germany
- M. Schmidt, Universität Jena, Germany
- G. Schoenknecht, Oklahoma State University
- W. Schreibmayer, Medical University of Graz, Austria
- E. Schwiebert, University of Alabama at Birmingham
- J.I. Schroeder, University of California, La Jolla
- R. Schubert, University of Rostock, Germany
- A. Senior, University of Rochester
- F.V. Sepulveda, Universidad de Chile
- Y. Shai, Weizmann Institute, Israel
- M.J. Shipston, University of Edinburgh, UK
- P.L. Smith, Children's Hospital, Boston
- M. Solioz, University of Berne, Switzerland
- D. Spray, Albert Einstein College of Medicine
- W.D. Stein, The Hebrew University of Jerusalem, Israel
- K.J. Swartz, NINDS, National Institutes of Health
- Y.-K. The, Bioinformatics Institute, Singapore
- G. Thiel, Darmstadt University, Germany

- R.C. Thomas, University of Cambridge, UK
- B.C. Tilly, Erasmus University, The Netherlands
- J. Timmer, University of Freiburg, Germany
- P.H. Torkkeli, Dalhousie University, Canada
- M. Tristani-Firouzi, University of Utah
- S. Tsukita, Kyoto University, Japan
- R.D. Veenstra, State University of New York, Syracuse
- V.M. Vehaskari, Louisiana State University
- F. Verrey, University of Zurich, Switzerland
- V.K. Verselis, Albert Einstein College of Medicine
- G.K. Wang, Brigham & Women's Hospital
- S.-Y. Wang, SUNY at Albany
- D.G. Warnock, University of Alabama
- F. Wehner, Max-Planck-Institut Dortmund, Germany
- W.H. Welch, University of Nevada
- A. Wieslander, Stockholm University, Sweden
- P.A. Welling, University of Maryland
- M.J. Welsh, University of Iowa
- J.J. Wine, Stanford University
- T.B. Woolf, The Johns Hopkins University
- Z. Xie, Medical College of Ohio
- G. Yeo, Murdoch University, Australia
- T. Yorio, UNT Health Science Center
- T. Zeuthen, University of Copenhagen, Denmark
