

## ANNOUNCEMENT

### INTERNATIONAL SYMPOSIUM ON HORMONE ASSAYS FOR BIOLOGICAL ASSESSMENT OF PREGNANCY

94260-Fresnes (France), 4-6 October 1973

This Symposium is organized by the *Fondation de Recherche en Hormonologie* (Director: Dr. R. SCHOLLER).

The programme will centre on recent work on aid offered to clinicians by hormone estimations, during normal and complicated pregnancies. The topics will be restricted to steroid and protein hormones in urine, plasma and amniotic fluid.

The programme will include 20-30 minutes plenary lectures, delivered by invited speakers, from foreign countries and France. Most of the time will be devoted to panel discussions and answers to questions from attendants. Speakers having already sent the title of their lectures are:

H. ADLERCREUTZ, Helsinki, (Finland), J. BARRAT, Paris (France), N. A. BEISCHER, Melbourne (Australia), A. BOMPIANI, Rome (Italy), A. and J. BOUE, Paris (France), J. B.
