

REPRODUCCION

Publicación Científica sobre Reproducción Humana y Animal

CONTENTS

	January-February-March 1974	Volume 1 Number 1
Gonadal dysgenesis with secondary amenorrhoea unresponsive to HMG-HCG therapy		1
Eugenia Rosemberg, M.D., Purnima Purohit, M.D., Hirotsuke Takekida, M.D., Hani Haddad, M.D., and Edwerd Budnitz, M.D. <i>Worcester, Massachusetts</i>		
Adrenal and emotional factors as possible etiologic agents in one case of secondary amenorrhoea with hyperthecosis		13
M. Neves-e-Castro, A. Reis-Valle, F. Gentil-Martins, J. Neves da Silva e M. Vilhena <i>Lisboa, Portugal</i>		
Metals as intrauterine contraceptives		25
Jaime Zipper, Dr. <i>Santiago, Chile</i>		
Ypsilon		31
On a new intrauterin device. Clinical experience in 2,131 cases Walter Rodrigues, Octavio Rodrigues Lima, Theognis Nogueira <i>Rio de Janeiro, Brasil</i>		
Lysteriosis in gestation		37
José C. Fagnoni Blencio, Arturo Achard, J. C. Beriao, T. Kvasina and J. Galiana <i>Montevideo, Uruguay</i>		
Validation of the radioimmunoassays for pituitary gonadotropins		53
I. Human luteinizing hormone Maria D. Garcia, O. Gutiérrez <i>Madrid, España</i>		
Physiological bases for the diagnosis of ovulation		73
Lidia M. Carril, Alfredo Castro-Vázquez and Jorge M. Rosner <i>San Miguel, Argentina</i>		
On a cellular sensitización to sperm antigens, measured through the macrophages migration inhibition		89
Liselotte Mettler and B. Mesek-Selchow <i>Kiel, Alemania</i>		
Sperm migration in the human female		97
Aquiles J. Sobrero <i>New York, New York</i>		
Physiopathological aspects of human uterine contractility in non-pregnant uterus with a postcaesarean scarr, dysmenorrhoea, congenital malformations and myomatosis		111
G. Romero-Salinas, V. Ruiz-Velasco, J. Brand-Partida, Bravo-Sandoval and O. Moreno-Martínez <i>México D. F., México</i>		
Meetings		121
Information		123
Books		127
	April-May-June 1974	Volume 1 Number 2
Electronmicroscopy study on tubal epithelium in humans		129
F. Bullon, A. Bullon, Jr. and F. González G. <i>Madrid, España</i>		
A Blue Uterus on Laparoscopy and Genital Tuberculosis		151
Wolfe Z. Polishuk, Yoram Beyth and A. Adoni <i>Jerusalem, Israel</i>		
Clomiphene test. Its value in amenorrhoeic and anovulomenorrhoeic patients		159
A. Charro Salgado, J. F. Guadalix, R. Fernández, F. Bagazgoitia, C. Ruiz González and J. Botella Llusia <i>Madrid, España</i>		
Effects of HMG postovulatory administration on ovarian function in women		171
J. Cortés-Prieto and A. Oriol-Bosch <i>Madrid, España</i>		

Effects of an inhibitor of prostaglandins biosynthesis (Indomethacin) on the rat implantation	177
M. Abad Gavín, J. C. Domínguez Fernández-Tejerina, M. F. Montañés de las Heras and E. Vijiñ Maeso <i>León, España</i>	
Effect of human urinary FSH and LH on development of spermatogenesis in eunuchoid patients	185
O. Vilar, A. Pérez Lloret, P. Donini, R. Ponzio and R. E. Mancini <i>Buenos Aires, Argentina—Roma, Italia</i>	
Determination of plasmatic 17-α-Hydroxyprogesterone by a competitive proteine binding method	199
A. Tejero Lamarca and J. Simón Martín <i>Madrid, España</i>	
Clinical report on intratesticular Testosteron implantation in cases of infantilism	211
F. Schennetten <i>Berlin, Alemania</i>	
Meetings	213
Information	214
Books	215
	Volume 1 July-August-September 1974 Number 3
The Spanish woman and birth control	223
Juan Díez Nicolás <i>Madrid, España</i>	
Variation in pituitary responsiveness to synthetic gonadotropin releasing hormone (GnRH) during different phases of the menstrual cycle	241
Eugenia Rosemberg, M.D., Purnima Purohit, M.D. and Hirostake Takekida, M.D. <i>Worcester, Massachusetts</i>	
Depressed lymphocyte response in mixed-wife-husband leucocyte cultures in normal and pathological pregnancies; effect of heat-inactivated serum	253
L. Komlos, I. Halbrecht and S. Ben-Efraim <i>Tel-Aviv, Israel</i>	
Treatment of male sterility	259
M. S. Nakamura, R. Abdelmassih and A. C. Pompeo <i>Sao Paulo, Brasil</i>	
Morphological contributions to the knowledge of testicular pathology	263
L. Resel, A. Bullón, Jr. and J. Merchan <i>Madrid, España</i>	
Validation of the radioimmunoassays for pituitary gonadotropins (II: Human follicle stimulating hormone*)	271
Maria Dolores García and Raúl Santelices <i>Madrid, España</i>	
The radioimmunoassay of prostaglandins F in human plasma and endometrium	289
J. A. F. Tresguerres and A. Oriol Bosch <i>Madrid, España</i>	
A study of the oxidative metabolism of the hypothalamus following electrolytic lesion of the basolateral nucleus of the amygdala in the male rat	299
O. Schiaffini and B. Marin <i>Oviedo, España</i>	
Theoretical and experimental principles and clinical applications of the antiandrogens	303
F. Neumann <i>Berlin, Alemania</i>	
Meetings	337
Information	341
	Volume 1 October-November-December 1974 Number 4
Studies on materno-fetal malnutrition	343
I. Low Urinary serotonin excretion as an index of malnutrition Luis A. Sobrevilla, M.C.; D.M., Irma Romero, Q.F.; D.M., Emilio Castañeda, M.C., César Horta, M.C. <i>Bogotá, Colombia</i>	
Female infertility and hirsutism	353
Bartolomé Arce, Jorge Mas, Santiago Hung <i>La Habana, Cuba</i>	
Sexual cycle and metabolism of the hiposiotropic and septal areas, caudad nucceus, adeno-hypophysis and cerebral cortex	361
Ó. Schiaffini, A. Menéndez Patterson, B. Martin <i>Oviedo, España</i>	

Effects of low-dose cingestol on blood coagulation a long term follow-up	367
P. M. Kicovic, B. Behlilovic, R. Barklasa, J. Voerman, M. Stajic Oss, The Netherlands <i>Beograd, Yugoslavia</i>	
Exploration of the hypothalamic-pituitary-adrenal axis through the callium test in women under hormonal contraception	377
Alberto R. Radano, Diego Eturner, Pedro R. Figueroa Casas, Luis Schwarztein <i>Rosario, Argentina</i>	
Study of the pituitary reserve through the overload of synthetic LHRH in amenorrhea and anouulo menorrhea women	383
F. J. Guadalix, A. Charro Salgado, Raquel Fernández, J. Botella Llusia <i>Madrid, España</i>	
The effect of synthetic FSH-LH/RH, on plasma FSH, LH and 17β-estradiol in women under oral steroid contraception	393
M. Neves-e-Castro, M.D., A. Lucio, M.A., L. A. Silva, M.A., A. Reis-Valle, M.D. <i>Lisboa, Portugal</i>	
Evaluation of the response of plasma FSH and LH at 150 minutes following a double stimulation with synthetic FSH-LH/RH as a test of pituitary function	401
Results obtained in normal women at different stages of the menstrual cycle	401
J. Cortés Prieto, M. D. García, A. Oriol-Bosch <i>Madrid, España</i>	
Contractility of the human uterus with a caesarean section scar	407
Victor Ruiz Velasco, Gerardo Romero Salinas, Félix Sánchez de la Mata, Mario Jiménez Treviño <i>México D. F., México</i>	
Letter to the editor	419
Books	420
Meetings	421
Information	445
Contents	449
Index of authors	457
