

CORRIGENDA

The acknowledgements for grant support for the studies reported in the articles below were inadvertently omitted at the time of publication.

J. G. Liehr, D. Roy, A. Ari-Ulubelen, Q. D. Bui, J. Weisz and H. W. Strobel: Effect of chronic estrogen treatment of Syrian hamsters on microsomal enzymes mediating formation of catechol-estrogens and their redox cycling: implications for carcinogenesis. *J. Steroid Biochem.* **35** (1990) 555–560.

Acknowledgements—This study was supported by grants from The National Cancer Institute, NIH (CA 43232, CA 43233, CA 44069, to J.G.L. and CA 42995, to H.W.S.), from The American Cancer Society (RD 2528, to J.W.), from The Council for Tobacco Research (2339, to J. W.), and from the Welch Foundation (AU 1067, to H.W.S.).

D. Roy, Q. D. Bui, J. Weisz and J. G. Liehr: Comparison of assays for catechol estrogen synthase activity: product isolation vs radioenzymatic catechol-*O*-methyltransferase procedures. *J. Steroid Biochem.* **33** (1989) 243–249.

Acknowledgements—This study was supported by grants from The National Cancer Institute, NIH (CA 43232, CA 43233, CA 44069, to J.G.L.), from The American Cancer Society (RD 2528, to J.W.), and from The Council for Tobacco Research (2339, to J.W.).
