

Erratum

In the January 2000 issue, in table 3 of the article “Geographic Patterns of mtDNA Diversity in Europe,” by Simoni et al. (66:262–278), several frequencies for mitochondrial haplogroup J in Galicia and Spain were put in each other’s places. The correct version of table 3 is

provided below. The authors apologize for these errors; however, the correct data were used in all the analyses, including SAAP, and therefore the autocorrelation results of table 5 in the article are correct.
